

Academic Advising
Fall 2021

Advisor: Andrew Dougherty
Office: HSC 031 610-330-5212
Lab: HSC 025 610-330-5212
E-mail: doughera@lafayette.edu
Web Page: <http://workbench.lafayette.edu/~doughera/>

Office Hours:

I will have office hours on Wednesday and Thursday afternoons, as listed on my schedule on the back of this page. You are not limited to those specific times. Beyond that, I will usually be either in my office or lab during the free times indicated on my schedule. Please feel free to call, e-mail, or stop by at *any* free time and ask a question or set up an appointment.

Overview and Expectations:

My primary role is to provide guidance on academic matters such as course selection, academic progress toward graduation requirements, and preparation toward identifying and selecting an appropriate major, given your background, interests, and abilities.

You are the one ultimately responsible for your own academic career. I am here as another resource—to help you ask good questions and find accurate information—but not to tell you what to do.

On my home page, I have links to some basic resources for academic advising. I encourage you to check them out. The web pages for individual departments and programs are also usually quite helpful, and often have specific course and program guidance.

College is a time for transition, exploration, growth, and change. Lafayette offers you many resources to help you navigate the four years of college and plan for life beyond. I will try to guide you towards those resources, but it will be up to you to decide how best to use them.

Meetings:

I am free to meet throughout the year to help you monitor your own progress and plans. It is often the case that the earlier we identify a question or problem, the easier it is to take appropriate action.

Privacy: I respect and value your privacy. If you have any concerns, please ask.
